About us

Integrated Mentoring, Training & Placements is an innovative and novel process introduced by the Management of VNR VJiet. The aim is, initiate the students to the academic environment, guide, motivate and train all students from the very beginning to enhance their growth and help them achieve their goals. This program enables each student to become pro-active in defining their own goals and bring out inherent talent.

VNR VJiet also makes every effort explicitly to provide employment opportunities to the students in Core, High Tech, Indian & Global companies. Our Experts facilitate the students to explore on career options and impart knowledge on key competencies required to fulfill individual aspirations. With this objective a policy on 'Training & Placement' is evolved.

VNR VJiet adopts the policy of inclusiveness of all categories of students and the students of different performance levels in providing the opportunities keeping intact the unbiased social justice to all the students.

Mission

Committed to develop the best talent pool on key competencies acknowledged by the industry through structured training programs.

Vision

To empower students to make lifelong, responsible and meaningful choices in a global and dynamic world.

Training & Placement Committee

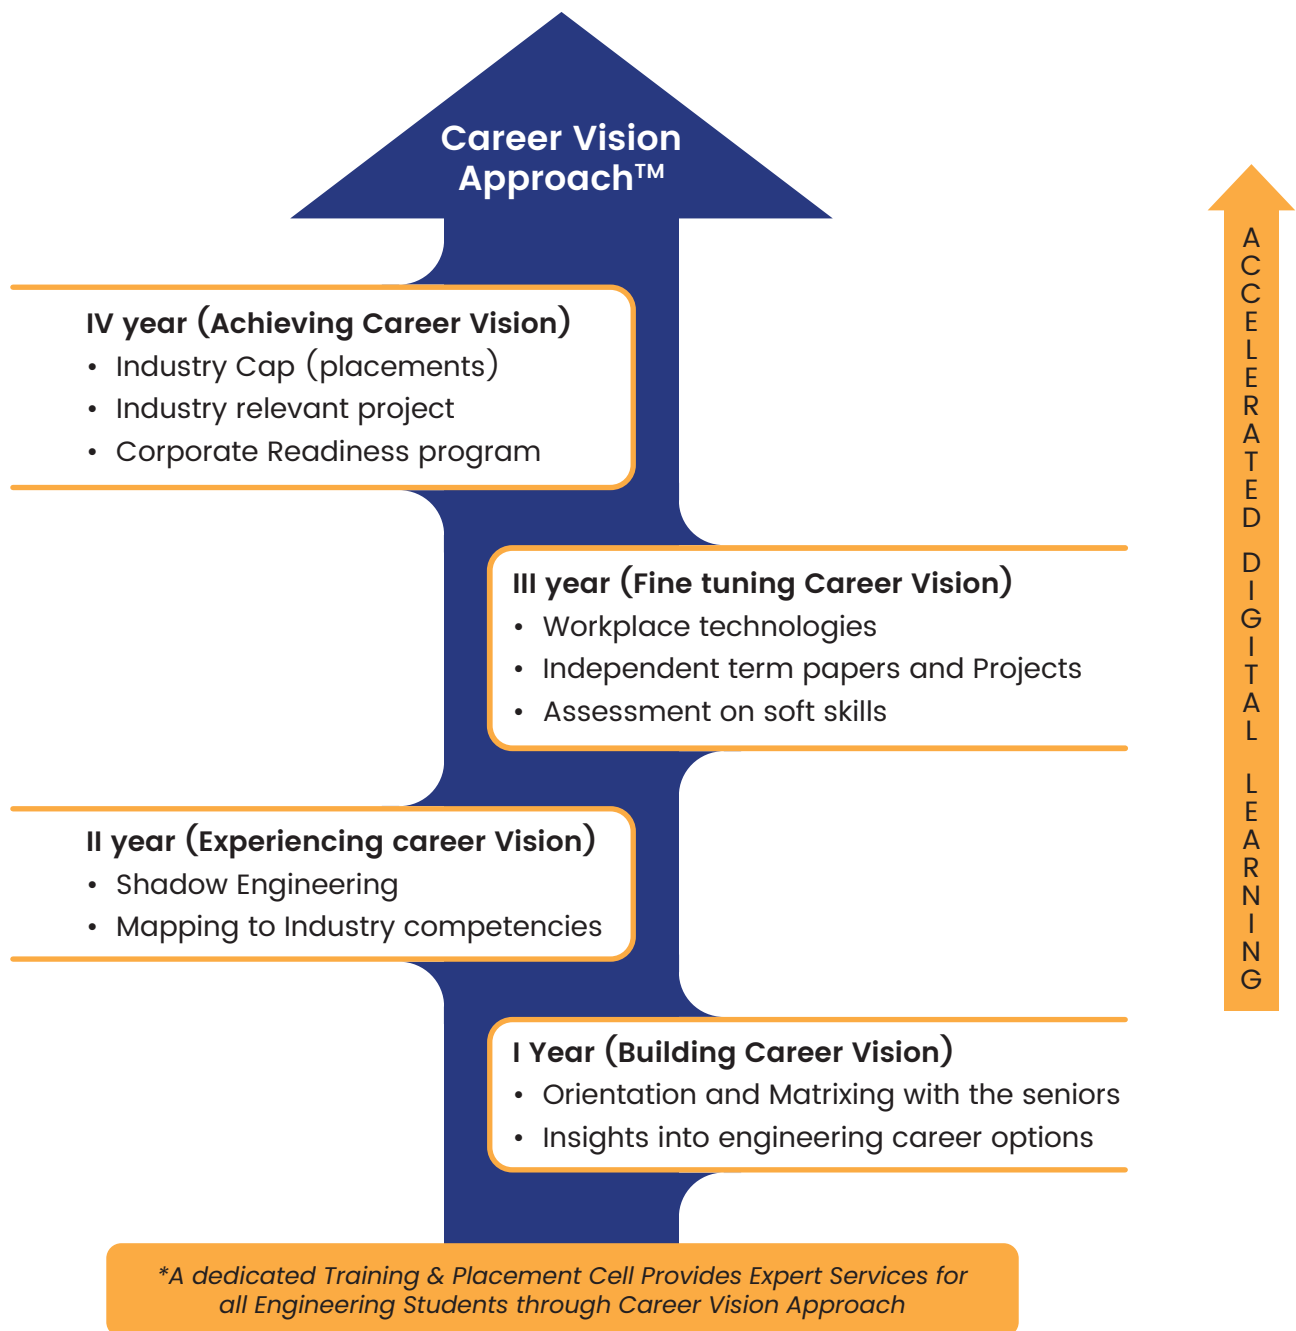

Thrust Areas of the Finishing School

- Career Vision Approach

VNR VJIET Finishing School is a unique endeavor with the vision of enhancing employment amongst fresh engineering graduates. Imparting business communication, technical, and behavioral skills is essential for sustained performance and career success, meeting the ever-growing global industry demand for suitable talent at the entry level.

In order to address the gap between campus to corporate, Finishing School offers a range of student development programs that are aimed at enhancing the employability skills of students and young graduates, thus preparing them to face the challenges and demands of the real world.

The concept and design of the Finishing School is to support the student journey from Campus to the Corporate with Career Vision Approach.

Industry Collaborations and MOUs

- T&P Cell will make efforts to liaison with esteemed Global and Indian Corporates and draw MOU's, Collaborations which are of mutual interest

Ms. Lasya. K, Selected in Juniper Networks(US) with Highest Salary of 97 LPA

London Stock Exchange and TCS with Digital Selects

Exchange of MOU-CSBS Renewal by TCS AIP Team

Exchange of MOU with Advance Auto Parts

Recruiters

Training Roadmap for 4 years

1st Year

- C, Data Structures and Cognitive Skills for all streams. Quantitative aptitude.
- Analytical Reasoning.
- Business comm. Personality.
- Introduction to real – time programming.
- Industry connect program.
- Structured Mentoring and counselling.
- Periodical assessments & Feedback.

2nd Year

- Python for all streams
Introduction of mezzanine technology tracks.
- Algorithms in competitive coding.
- OOPs.
- DBMS(SQL).
- Continuous online assessments on Aptitude + Verbal topics through digital platforms.
- Communication skills(Oxford/ BEC certification)
Focus on LE students.

3rd Year

- Advanced Python for Data Science.
- Certification Courses on Mezzanine technologies.
- Placement readiness Program
- Competitive coding
- Web technologies Full stack, Devops, CyberSecurity, AWS.
- Industry connect programs/ Hackathons/ contests/ competitive internships.
- National level Assessments \ AMCAT, My anatomy, FNAT.

Summer Break

- 72 hrs of High Intensity Training on Aptitude & Technical skills for pre final years.
- Preparations for virtual campus hiring.
- Gamified courses.
- Programs for Higher Education Aspirants.

4th Year

- Company centric tests Specific trainings and Boot camps.
- Pre placement talks.
- Internships/ Projects and post select programs Grooming unplaced.
- On Board.
